

kaplan™ bass strings

Kaplan has always been synonymous with quality, consistency and tradition. D'Addario now offers a Kaplan double bass set, aimed at the most discerning professional orchestral musicians.

Kaplan Orchestral strings offer a rich tonal color palette and superb bowing response in a beautifully balanced set. These strings provide clarity and warmth from low to high registers and allows versatility and control throughout the dynamic spectrum.

Kaplan Bass set and singles are available in light, medium and heavy tension, 3/4 size only. K610 3/4M comes with standard E string. C-extension string sold separately. Silking : silver with black stripes. [See page 135](#)

kaplan™ viola strings

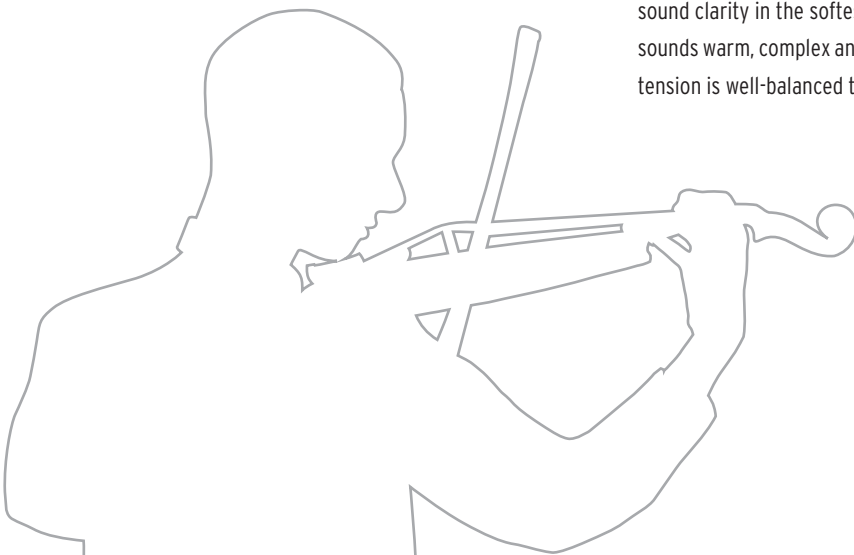

Designed to offer power and projection in high registers, Kaplan Viola A strings offer warmth, richness and clarity. They blend perfectly with gut-like bottom strings and their well-adjusted tension allow for extreme bow pressure.

[See page 133](#)

kaplan™ cello strings

Kaplan cello set is aimed at the most discerning musician. Its construction allows heavy bow pressure, without losing sound clarity in the softest dynamics. The Kaplan cello set sounds warm, complex and offers generous projection. The tension is well-balanced throughout the set. [See page 135](#)

D'Addario, in partnership with Ned Steinberger, has created NS Electric strings. Featuring great tone, quick bow response and pitch stability, NS Electric strings work well with many different varieties of pickups and playing styles. Though they have been optimized for electric instruments of all types, they also work well for acoustic instruments especially when subtlety of expression is paramount.

The new D'Addario Zyex double bass set is just so much fun. The strings have a very round and warm sound both by arco or pizz as well as a wide palette of nuances, ranging from the most subtle to the very loud. For synthetic strings they respond very quickly and are overall easily governed. It's a thrill to play them. Thank you D'Addario!
